Uke Ballads: A Treasury of Twenty-Five Love Songs Old and New Hal Leonard Corporation Since its introduction to Hawai'i in 1879, the 'ukulele has been many things: a symbol of an island paradise; a tool of political protest; an instrument central to a rich musical culture; a musical joke; a highly sought-after collectible; a cheap airport souvenir; a lucrative industry; and the product of

a remarkable synthesis of western and Pacific cultures. The 'Ukulele: A History explores all of these facets, placing the instrument for the first time in a broad historical, cultural, and musical context. Drawing on a wealth of previously untapped sources, Jim Tranquada and John King tell the surprising story of how an obscure four-string folk guitar from Portugal became the national instrument of Hawai'i, of its subsequent rise and fall from international cultural phenomenon to "the Dangerfield of instruments," and of the resurgence in popularity (and respect) it is currently enjoying among musicians from Thailand to Finland. The book shows how the technologies of successive generations (recorded music, radio, television, the Internet) have played critical roles in popularizing the 'ukulele. Famous composers and entertainers (Queen Liliuokalani, Irving Berlin, Arthur Godfrey, Paul McCartney, SpongeBob SquarePants) and writers (Rudyard Kipling, Jack London, P. G. Wodehouse, Agatha Christie) wind their way through its history—as well as a host of outstanding Hawaiian musicians (Ernest Kaai, George Kia Nahaolelua, Samuel K.

Kamakaia, Henry A. Peelua Bishaw). In telling the story of the 'ukulele, Tranquada and King also present a sweeping history of modern Hawaiian music that spans more than two centuries, beginning with the introduction of western melody and harmony by missionaries to the Hawaiian music renaissance of the 1970s and 1980s.

In this wonderful collection Ian Whitcomb shows how to handle the uke in such a romantic way that the gently murmuring strums emerge to act as a sweet stream of

accompaniment upon which one's vocals can float along smoothly and pleasingly. All of the classic ballads included in this book were originally published before the ukulele established itself as an instrument to be taken seriously by the pop industry, before it became the 1920's equivalent of the rock guitar. The music on the companion compact disc is performed by Ian Whitcomb and his various bands and orchestras. The music is written in standard notation with chord symbols and fretboard diagrams for soprano or tenor uke in standard (G-C-E-A) tuning. Lyrics are also included. The Daily Ukulele Hal Leonard Corporation Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California.
