The Pagan or Witch Elder is a leader who has lead by example, and teaches their wisdom to those that will listen, they have cleared the path for those to follow. We must remember and know who these Spiritual and Magical Warriors were and are, some who are still fighting in the world for our acceptance and understanding. This book is filled with hundreds of Elders (some known and

some not well known) who stood tall and fought the establishment with compassion and strength, endurance and wisdom, courage, and determination, to share an ancient knowledge that has been awakened by them in the 21st century. I write this book so that our Pagan community remembers and knows who these brave Spiritual Earth Warriors were and are, and what they have given, sacrificed, and shared for the future of our world. This book is to honour all our Elders, so they are never forgotten and always honoured. MERRY WE MEET, MERRY WE PART, AND MERRY WE MEET AGAIN!

Stories for the Songs of the Year is a collection of new children's stories which celebrate the festivals and seasons. The tales follow the adventures of Attila and Meg, a know-it-all rabbit and a cat with half a tail, who generally cause chaos and mischief for Angus Óg and which introduce Celtic Gods and some of the ideas central to Celtic beliefs in an age-appropriate way. The stories will also appeal to pre-teens who are able to read for themselves and who may be ready to begin to explore their own spiritual paths. Tinker's book also includes a short, factual essay written for parents, covering many practical matters, which is both helpful and informative for parents wishing to explore their own Pagan paths with their children.

Approaching the Sacred Grove : the Orphic Impulse in Pagan Religious Music Citadel Press

The resurgence of religiosity in post-communist Europe has been widely noted, but the full spectrum of religious practice in the diverse countries of Central and Eastern Europe has been effectively hidden behind the region's range of languages and cultures. This volume presents an

overview of one of the most notable developments in the region, the rise of Pagan and "Native Faith" movements. Modern Pagan and Native Faith Movements in Central and Eastern Europe brings together scholars from across the region to present both systematic country overviews - of Armenia, Bulgaria, the Czech Republic, Hungary, Latvia, Lithuania, Poland, Romania, Russia, Slovenia, and Ukraine - as well as essays exploring specific themes such as racism and the internet. The volume will be of interest to scholars of new religious movements especially those looking for a more comprehensive picture of contemporary paganism beyond the English-speaking world.

"See the blazing Yule before us..." This is just one of the many ancient British folk songs we all know and love. Other tunes and symbols that tug on our memories have similar historical roots, hearkening back to a shared Pagan past. These dances, songs, and theatrical plays in the English folk tradition are now little known to most of the modern Pagan community. Reviving these vital traditions can bring new life to Renaissance festivals, neopagan rituals, and community events. Introducing the lively music and homegrown entertainments of times long past, this descriptive how-to is designed for twenty-first-century joviality. The songs, dances, and plays of old are explained in their mythical, seasonal, and historical significance and outlined for easy reenactment. Simple-to-follow instructions detail six dances including the popular Abbots Bromley Horn dance, six full scripts for dramatic

performances of Mummer's Plays (folk plays of death and rebirth), and over thirty songs with lyrics and music. Kick up your heels, hold high your skirts, and make merry the year through.

Poems of Paganism; Or, Songs of Life and Love Pastoral Press
"Contemporary religious Paganism (also called Neo-Paganism) is an emerging area of study for scholars of religion in the United States and elsewhere. This dissertation analyzes Pagan religious music in the context of a more general recurrent religious impulse encoded in literature, music and ideology. Among studies of contemporary American Paganism, few have examined the internal logics of musics created and distributed within the Pagan community. This dissertation discusses Pagan music in terms of its relationship with folk ideology, theology, ecclesiology, humor, youth, and Christianity. This dissertation utilizes discourse and image analysis of pre-recorded music, reviews, journals, sheet music and handouts from Wlccan, Druidry, Asatru, Church of All Worlds, and Thelemic sources. This work finds the dominant themes of Pagan music centering around rituals of sacred time, erotic and filial love, humor and theological kinship with sacred beings both within and beyond the world. Minor thematics of cultural politics, civil integration and resistance to modernity are also discussed. The dissertation concludes that the religious music of American Pagans is profoundly influenced by discourses of resistance, individualism, Congregationalism, and ecstatic tellurism"--Abstract.

The Oxford Handbook of Music and Medievalism provides a snapshot of the diverse ways in which medievalism--the retrospective immersion in the images, sounds, narratives, and

ideologies of the European Middle Ages--powerfully transforms many of the varied musical traditions of the last two centuries. Thirty-three chapters from an international group of scholars explore topics ranging from the representation of the Middle Ages in nineteenth-century opera to medievalism in contemporary video game music, thereby connecting disparate musical forms across typical musicological boundaries of chronology and geography. While some chapters focus on key medievalist works such as Orff's *Carmina Burana* or Peter Jackson's *Lord of the Rings* films, others explore medievalism in the oeuvre of a single composer (e.g. Richard Wagner or Arvo Pärt) or musical group (e.g. Led Zeppelin). The topics of the individual chapters include both well-known works such as John Boorman's film *Excalibur* and also less familiar examples such as Eduard Lalo's *Le Roi d'Ys*. The authors of the chapters approach their material from a wide array of disciplinary perspectives, including historical musicology, popular music studies, music theory, and film studies, examining the intersections of medievalism with nationalism, romanticism, ideology, nature, feminism, or spiritualism. Taken together, the contents of the Handbook develop new critical insights that venture outside traditional methodological constraints and provide a capstone and point of departure for future scholarship on music and medievalism.

Hopman, author of *A Druid's Herbal for the Sacred Earth Year*; *Walking the World in Wonder: A Children's Herbal*; and *Tree Medicine, Tree Magic*. Who are the pagans and what do they stand for? Why would some of the members of the best educated, most materially comfortable generation of Americans look back to mystical traditions

many millennia old? During the last few decades, millions of people have embraced ancient philosophies that honor Earth and the spiritual power of each individual. Ways of worship from sources as diverse as the pre-Christian Celts, ancient Egypt, and Native American traditions are currently helping their followers find meaning in life while living in the Information Age. In this book Pagan leaders and teachers describe in their own words what they believe and what they practice. From Margot Adler, an NPR reporter and author of *Drawing Down the Moon*, to Isaac Bonewits, ArchDruid and founder of a modern neo-Druidic organization, those interviewed in this book express the rich diversity of modern Paganism. Hopman's insightful questions draw on her own experiences as a Pagan and Druid as well as on her extensive research. With coauthor Lawrence Bond, she examines how Pagans address such issues as parenting, organized religion, and politics. The resulting dialogues illuminate the modern Pagan revival.

Just Belonging: A Pagan View of Love, Sex, and Relationships Ken Langer

For most of its history, contemporary Paganism has been a religion of converts. Yet as it enters its fifth decade, it is incorporating growing numbers of second generation Pagans for whom Paganism is a family tradition, not a religious worldview arrived at via a spiritual quest. In *Pagan Family Values*, S. Zohreh Kermani explores the ways in which North American Pagan families pass on their beliefs to their children, and how the effort to socialize children influences this new religious movement.

The first ethnographic study of the everyday lives of contemporary Pagan families, this volume brings their experiences into conversation with contemporary issues in American religion. Through formal interviews with Pagan families, participant observation at various pagan events, and data collected via online surveys, Kermani traces the ways in which Pagan parents transmit their religious values to their children. Rather than seeking to pass along specific religious beliefs, Pagan parents tend to seek to instill values, such as religious tolerance and spiritual independence, that will remain with their children throughout their lives, regardless of these children's ultimate religious identifications. Pagan parents tend to construct an idealized, magical childhood for their children that mirrors their ideal childhoods. The socialization of children thus becomes a means by which adults construct and make meaningful their own identities as Pagans. Kermani's meticulous fieldwork and clear, engaging writing provide an illuminating look at parenting and religious expression in Pagan households and at how new religions pass on their beliefs to a new generation.

Whether male or female, loyalist or radical, urban or rural, literati or autodidacts, Scottish Lowland poets in the age of Burns adamantly refuse to imagine a single British nation. Instead, they pose the question of "Scotland" as a revolutionary category, always

subject to creative destruction and reformation.
