We've all read the headlines. Epic weather disasters of "Biblical proportions" involving floods, tornadoes, hurricanes, and blizzards seem to be occurring at a record pace. To some, it may seem as if the climate of the planet is going out of

control. Yet what does the Bible say about the weather? Does it say anything about climate change or global warming? Or has God simply left us to our own devices? The Bible contains hundreds of verses that refer to the weather and who is in control of it. Scripture is filled with examples of how God has used weather both as a warning and as a blessing. It also contains examples of how weather has been used in times of battle and even as a means of judgment. Building on examples from

the past, present, and future, this book addresses weather and climate from a Biblical perspective. It also asks the question: where is God when disaster hits?

God has given us the assignment and responsibility to care and to love and to make a difference in the world. And we take his commands seriously. In fact, because we are affected by our own sins and the sins of others, because we live in a fallen world, and because we want to bring healing and hope to so many desperate people, we can, ourselves, become susceptible to the negativity that surrounds us. Our challenge is to take sin seriously and to face the real world but not be overwhelmed

by it. To keep our positive focus while we get our hands dirty in the messy business of helping others.

What the Bible Says About Money TellerBooks

This book is a sequel to my

first book What the Bible says about the collapse of the universe, Life before the big bang. And the 200 billion year history of Christianity- the invisible war. This book The doctrine of THIRD WAVE CHRISTIANITY is really a distillation of the first book. The core of what the Lord revealed to me. It is composed of small booklets- Jesus, Satan, The Beast, The Lake of fire, and older booklets from the first book. The Catholics were the first wave and they discomfited Satan, The Protestants were the Second wave and they swarmed Satans camp and now are the Third wave Christians, space age Christians who believe in the collapse of the universe and Life before the big bang who will over run Satans camp and completely wipe them out. The book is designed for Christians who are also scientists and see no problem with the Bible and its compatibility with science. It gives information about the collapse of the universe, but with new material about the Beast , Satan ,Jesus , Africas unification and the founding history of all the nations . Third wave Christians are not to go out and make new Churches but they are people who ate the refreshing new information that we missed in the Bible, space age information. This book proves that Christianity is superior to Islam, Hinduism, Buddhism , Communism, and those who make science into a religion. Because the Bible says the universe will collapse and Science says the universe will collapse thats proof the Bible is Truth and

that God exists. Logicians and
Christians who are Scientists
can use this book to prove
that the Bible is True
therefore God exists.
