Show and Tell (or as I call it: Pain and Torture Time) is my worst nightmare... I haven't got a black belt at karate or made a mega-powerful electro-magnet. All I'm good at is reading comics and eating pizza. But I'm fed up with being Dull and Boring, so I've been telling the class about my adventures as a

Defender of Planet Earth - battling against the evil Alien Brain Drain who wants to take over the world! Everyone loved it except Miss Wilkins, who gave me a detention for telling fibs. If You Could Talk To The Greatest Master of This Century -

-What Would You Ask?
The sages of the centuries, each one tincturing their thought with their own soul essence, have united in telling us that, ""As a man thinketh in his heart, so is he."" It has been established by the experience of the ages that always the law is the same. But HOW shall one think in their heart, so that only goodness may blossom and ripen into rich deed and

rare result? What is the apparently mysterious secret by which life's dull metal is transmuted into precious mintage? As Troward has said, "Thought is the only action of the mind. By your habitual thoughts you create corresponding external physical conditions, because you thereby create the nucleus which attracts to itself its own correspondence, in

due order, until the finished work is manifested on the material plane." " Let us work together to this end. G.B (from the Foreward) Get Your Copy Now!

Drawing on much contemporary material, including Auden's fascinating unpublished diary, this book places personal experience in the context of the life of a great city: not only its political, artistic and cultural life, but

the life of the streets, bars and caf It presents portraits of figures, often fascinating in their own right, with whom Auden and Isherwood came into contact, and it demonstrates how, especially in Isherwood's fiction, the raw material of daily existence was transformed into art. The wide scope of this study, which ranges from poetry and cinema to street violence and prostitution, provides a richly detailed context for its account of two writers engaged in the process of self-definition.

In praising “the witty high school romp” How I Paid for College, the New York Times Book Review said, it “makes you hope there’s a lot more where this came from.” There is. In this hilarious sequel *Attack of the Theater People*, Edward Zanni and his merry crew of high school musical-comedy miscreants move to the magical wonderland that is

Manhattan. It is 1986, and aspiring actor Edward Zanni has been kicked out of drama school for being “too jazz hands for Juilliard.” Mortified, Edward heads out into the urban jungle of eighties New York City and finally lands a job as a “party motivator” who gets thirteen-year-olds to dance at bar mitzvahs and charms businesspeople as a “stealth guest” at corporate events. When he accidentally gets caught up in insider trading with a handsome stockbroker named Chad, only the help of his crew from *How I Paid for College* can rescue him from a stretch in Club Fed. Laced with the inspired

zaniness of classic American musical comedy, *Attack of the Theater People* matches the big hair of the eighties with an even bigger heart.

A GLOBE & MAIL BEST BOOK OF THE YEAR FOR 2012 “Glover is a master of

narrative structure.” —Wall Street Journal In the tradition of E.M. Forster, John Gardner, and James Wood, Douglas Glover has produced a book on writing at once erudite, anecdotal, instructive, and amusing. *Attack of the Copula Spiders* represents the accumulated wisdom of a remarkable literary career: novelist, short story writer, essayist, teacher and mentor, Glover has for decades been asking the vital questions. How does the way we read influence the way we write? What do craft books fail to

teach aspiring writers about theme, about plot and subplot, about constructing point of view? How can we maintain drama on the level of the sentence—and explain drama in the sentences of others? What is the relationship of form and art? How do you make words live? Whether his subject is Alice Munro, Cervantes, or the creative writing classroom, Glover’s take is frank and fresh, demonstrating again and again that graceful writers must first be strong readers. This collection is a call-to-

arms for all lovers of English, and Attack of the Copula Spiders our best defense against the assaults of a post-literate age. Douglas Glover is the award-winning author of five story collections, four novels, and two works of non-fiction. He is currently on the faculty of the Vermont College of Fine Arts MFA in Writing program. Praise for Douglas Glover "So sharp, so evocative, that the reader sees well beyond the tissue of words into ... the author's poetic grace." - The New Yorker "Glover invents his

own assembly of critical approaches and theories that is eclectic, personal, scholarly, and smart ... a direction for future literary criticism to take." - The Denver Quarterly "A ribald, raunchy wit with a talent for searing self-investigation." - The Globe and Mail "Knotty, intelligent, often raucously funny." - Maclean's "Passionately intricate." - The Chicago Tribune "Darkly humorous, simultaneously restless and relentless." - Kirkus Reviews

Herman Melville said it best when he proclaimed that every path eventually leads to the sea. For it is the sea that holds our most sacred and terrifying fears, yet it also holds a glorious mysticism over us as a race, an attraction so strong that most of us flock to beaches, river banks, creeks, and lakes at every opportunity to stare out into the vast blueness and wonder: what's out there? Take my hand, Dear Reader, and swim with me through this journey of sixteen tales of

watery terror. As we swim, if something reaches out of the darkness and gropes for your ankle, if something pulls you deeper into the depths of liquid madness, if your breath is stolen from you and you find yourself inhaling nothing but muddied water... do not fear, for it is just the ocean reclaiming what is already hers: your soul.
