**Passages from German Authors for Unseen Translation** Nelson Thornes

This volume contains some 46 essays on various aspects of contemporary German-Jewish literature. The approaches are diverse, reflecting the international origins of the contributors, who are based in seventeen different countries. Holocaust literature is just one theme in this context; others are memory, identity, Christian-Jewish relations, anti-Zionism, la belle juive, and more. Prose, poetry and drama are all represented, and there is a major debate on the controversial attempt to stage Fassbinder's *Der Müll, die Stadt und der Tod* in 1985. The overall approach of the volume is an inclusive one. In his introduction, the editor calls for a reappraisal of the terms of German-Jewish discourse away from the notion of 'Germans' and 'Jews' and towards the idea that both Jews and non-Jews, all of them Germans, have contributed to the corpus of 'German-Jewish literature'.

*Jews in German Literature since 1945* Cambridge University Press

A comprehensive account of Jewish life in a country that carries the legacy of being at the epicenter of the Holocaust. Originally published in German in 2012, this comprehensive history of Jewish life in postwar Germany provides a systematic account of Jews and Judaism from the Holocaust to the early 21st Century by leading experts of modern German-Jewish history. Beginning in the immediate postwar period with a large concentration of Eastern European Holocaust survivors stranded in Germany, the book follows Jews during the relative quiet period of the 50s and early 60s during which the foundations of new Jewish life were laid. Brenner's volume goes on to address the rise of anti-Israel sentiments after

the Six Day War as well as the beginnings of a critical confrontation with Germany's Nazi past in the late 60s and early 70s, noting the relatively small numbers of Jews living in Germany up to the 90s. The contributors argue that these Jews were a powerful symbolic presence in German society and sent a meaningful signal to the rest of the world that Jewish life was possible again in Germany after the Holocaust. "This volume, which illuminates a multi-faceted panorama of Jewish life after 1945, will remain the authoritative reading on the subject for the time to come." —Frankfurter Allgemeine Zeitung "An eminently readable work of history that addresses an important gap in the scholarship and will appeal to specialists and interested lay readers alike." —Reading Religion "Comprehensive, meticulously researched, and beautifully translated." —CHOICE

Pamphlets on German Phonetics Mozaika LLC

An Anthology of German Literature Routledge

Originally published in 1925, this book presents a series of passages intended for translation by advanced students of German. The passages were chosen 'so as to afford as wide a range of style and vocabulary as possible' and cover a variety of German literature. With the exception of the last ten extracts, which give examples of sixteenth- and seventeenth-century German writers, all the authors represented wrote later than 1750. This book will be of value to anyone with an interest in the German language, translation studies and the history of education.

A short and practical German grammar BRILL

The end of World War II led to one of the most significant forced population transfers in history: the expulsion of over 12 million ethnic Germans from Central and Eastern Europe between 1945 and 1950 and the subsequent emigration of another four million in the second half of the twentieth century. Although unprecedented in its magnitude, conventional wisdom has it that the integration of refugees, expellees, and

---

Aussiedler was a largely successful process in postwar Germany. While the achievements of the integration process are acknowledged, the volume also examines the difficulties encountered by ethnic Germans in the Federal Republic and analyses the shortcomings of dealing with this particular phenomenon of mass migration and its consequences.

German Made Simple

From a New York Times and USA Today bestselling author comes a new kind of textbook... After the success of the first edition of Learn by Reading, we decided to bring you the second volume. This book uses the second volume in the Sorcery Code series as the underlying text. If you haven't read volume 1, we recommend you start there. Though you could still get the educational benefits by starting from this volume, you will be missing critical information required for enjoyment of the story—and in our opinion, enjoyment is critical to the learning process.
