Tome 1 Du 27/03/2006 au 31/12/2008 Chroniques du temps qui passe, avec son cortège d'anecdotes personnelles, d'humeurs ou de pensées plus ou moins humoristiques ou philosophiques sur les faits divers politiques, télévisuels, artistiques Une tranche de vie écartelée, éparpillée, déchirée et enfin recousue. Ces chroniques sont un miroir déformé de notre temps, d'une partie de notre époque. Les 4 premiers tomes courent sur 8 ans. À l'échelle de la terre, 8 années ne sont rien, pas même une nano seconde mais à l'échelle humaine, 8 années perdues ne se rattraperont jamais. En parcourant ces chroniques de 2006 à 2014 on se rend compte du blocage de la France dans tous les domaines, on comprend l'inertie qui nous colle à terre parce que nos gouvernements ne sont pas à la hauteur de leurs responsabilités. Un thème commencé en 2006 n'a toujours pas trouvé de solution en 2014. Ce sont des successions d'aller / retour, d'hésitations, de lois non mises en application, annulées ou abandonnées ... La faute à qui ? La faute de nos hauts fonctionnaires qui se montrent incapables d'anticiper, de prévoir, de calculer les conséquences des textes qui sont lancés à la va comme j'te pousse, le doigt en l'air pour voir d'où vient le vent qui fait tourner les girouettes ... et ça va à droite, et ça va à gauche ... le mouvement perpétuel des non-décisions qui finissent par l'enlisement le plus complet. On ne va pas dans le mur, on est dans les sables mouvants jusqu'au cou et on continue de se débattre ce qui nous enlise encore plus au lieu de prendre le temps d'analyser, de prioriser les problèmes, de calculer l'impact de solutions possibles et de choisir la moins pire ... La pression des sondages et des médias plus quelques fortes pressions externes et le bats blessant et pesant de l'Europe des nantis, tout cela cumulé nous porte à notre ruine.

Vansina's scope is breathtaking: he reconstructs the history of the forest lands that cover all or part of southern Cameroon, Gabon, Equatorial Guinea, the Congo, Zaire, the Central African

Republic, and Cabinda in Angola, discussing the original settlement of the forest by the western Bantu; the periods of expansion and innovation in agriculture; the development of metallurgy; the rise and fall of political forms and of power; the coming of Atlantic trade and colonialism; and the conquest of the rainforests by colonial powers and the destruction of a way of life. "In 400 elegantly brilliant pages Vansina lays out five millennia of history for nearly 200 distinguishable regions of the forest of equatorial Africa around a new, subtly paradoxical interpretation of 'tradition.'" —Joseph Miller, University of Virginia "Vansina gives extended coverage . . . to the broad features of culture and the major lines of historical development across the region between 3000 B.C. and A.D. 1000. It is truly an outstanding effort, readable, subtle, and integrative in its interpretations, and comprehensive in scope. . . . It is a seminal study . . . but it is also a substantive history that will long retain its

usefulness." —Christopher Ehret, *American Historical Review*
The Assassination of President James Garfield Boom
Garfield se considère comme un boute-en-train : il est arrivé à passer de la position couchée-flasque à la position assise. Quant à Jon, il suit des cours de poterie dans le but de rencontrer des gens dynamiques et sympas - surtout des nanas. En fait, il tombe sur une cinglée qui a été élevée par les loups. Comme dit Garfield, ton dynamisme te perdra. Ils dialoguent beaucoup, ces temps-ci : Jon exige un peu de respect de la part de son chat et Garfield lui répond : Compte sur moi, Michel. A part ça, Garfield trouve la vie belle, puisque dormir lui donne faim et manger lui donne sommeil - un chef d'oeuvre d'organisation. Il a tout de même deux sujets d'inquiétude : son ventre déborde tellement qu'il ne voit plus ses pieds, et si ça se trouve, il porte des chaussures bizarres sans le savoir. Et puis il vient de se découvrir une ride, un cheveu blanc ridé. Ça le panique et il se fait une teinture. Après ça, il ressemble à un Mickey furax - c'est dans ce genre de petit détail que le dessin de Jim Davis fait merveille.

Elle contrôlait parfaitement sa vie jusqu'au jour où... Madison Nichols est une jeune anglaise au caractère bien trempé et à l'imagination débordante. Douée d'un grand sens de l'observation, elle est également très organisée. Son quotidien est réglé à la minute près. Pas question de laisser de la place à l'imprévu et aux mauvaises surprises ! Jusqu'au jour où elle rencontre Mac, un sans-abri méconnu des habitants du quartier et installé depuis peu à l'angle de sa rue. Si aux yeux des autres, Mac n'est rien d'autre qu'un mendiant, il en va différemment pour Madison qui pense être témoin d'un échange peu scrupuleux lorsqu'elle le voit récupérer mystérieusement un sac dans la pénombre. Dès lors, elle se met en tête de découvrir par tous les moyens qui se cache derrière ce sans-abri. Et elle n'est pas au bout de ses surprises... Suivez les enquêtes

farfelues de Madison Nichols qui l'entraîneront dans des situations cocasses, délirantes, mais aussi attachantes ! CE QU'EN PENSE LA CRITIQUE "En bref, ce roman est un générateur de bonnes émotions. Il divertit autant qu'il fait du bien à ses lecteurs." - AlexandraLFC sur Babelio "Je crois que je n'ai jamais autant ri en lisant un livre. C'est frais, léger, drôle... Ce livre est génialissime et si vous ne le lisez pas, vous passerez à côté d'un super moment de lecture !" Laurence-273 sur Booknode EXTRAIT — J'ai fait un peu trop la fête. Puis-je avoir les clefs de chez moi, s'il vous plaît ? Je les ai balancées au fond du lac quand Mac et moi avons pris un bain de minuit en tenues d'Adam et Ève. Miss Andersen en reste sans voix. Je viens de faire sa journée. — Euh oui, je vais vous les chercher. Mac me regard, les yeux ronds. — Madison, qu'est-ce qui vous a pris de dire ça ? — Quitte à ce qu'elle colporte des rumeurs, je préfère qu'elles viennent de moi. C'est plus drôle et c'est moi qui mène la danse. — Quelque chose a changé en vous. — En mieux ? — L'ancienne version était déjà très bien, mais celle-ci est encore mieux. Je crois que je suis en train de rougir. J'ai les pommettes qui bouillonnent. Ou alors j'ai contracté le virus de la fièvre jaune dans ce taudis. À PROPOS DE L'AUTEURE Dévoreuse de films et de séries télévisées, Angela Villa est bien trop timide pour se lancer dans une carrière d'actrice. Qu'à cela ne tienne ! Elle choisit l'écriture pour incarner autant de rôles qu'elle veut et s'évader du quotidien ! Femme (très) active le jour, elle revêt sa cape d'écrivain la nuit pour vous faire rire, rêver et voyager. Après un premier roman fantastique, elle continue sur sa lancée en remportant le premier prix du concours des Éditions Feel So Good grâce à sa saga, La vie trépidante et rocambolesque de Madison Nichols.

Les trois à quatre histoires proposées par album mettent en scène tout l'univers du chat glouton Garfield, celui que les enfants adorent regarder sur France 3. Un univers très riche, et pas seulement en graisse ! Jon prétend toujours être le maître de la maison, Odie est toujours aussi idiot et adorable, et Garfield toujours aussi paresseux et gourmand. Quant à tous les autres visiteurs de la maison, qu'ils soient humains ou animaux, ils doivent comprendre que devenir le copain de Garfield est très simple : il suffit de lui fournir l'occasion de manger. Autrement, il pourrait leur arriver des choses pas drôles – sauf pour nous les lecteurs !

Climatological Data for the United States by Sections Ballantine Group

"Of all the great "what if" scenarios in American history, the aftermath of the presidential election of 1880 stands out as one of the most significant. The end of the Civil War and the assassination of Abraham Lincoln threw the future of Lincoln's vision for the country into considerable doubt. The years that followed--marked by impeachment, constitutional change, and presidential scandals--were a contest between competing ideas regarding civil rights that

ultimately led to the end of Reconstruction by the time of the contested election of 1876, in which the Republican Rutherford B. Hayes, thanks to a congressionally appointed commission, won the presidency over Samuel J. Tilden despite losing the popular vote. Democrats spent the next four years claiming Tilden had been robbed, while Republicans sought to retain power as they transitioned into the party of "big business." In this tense situation, the candidacy of James A. Garfield, a seasoned politician known for his advocacy for civil rights, represented the last potential Reconstruction presidency. A fierce opponent of slavery before the Civil War and a Union volunteer during it, Garfield had fought for civil rights for Black Americans for years in Congress. Garfield was the last true "Lincoln Republican," and with his death in 1881 at the hands of Charles Guiteau, that vision died as well. The 1880 presidential contest between Garfield and Winfield Scott Hancock--the only time both candidates were Union Civil War veterans--could have been the start of a period of greater civil rights legislation. Instead, it marked the start of the "solid South" and confirmed the Republican Party's turn away from the values that characterized it during the Civil War"--

It is a political necessity. It will make my friend Arthur president, and save the republic. ... I leave my justification to God and the American people." - Charles Guiteau In 1880, Civil War veteran James Garfield was running as a Republican for president, and one of his supporters was a man named Charles Guiteau, who wrote and circulated a speech called "Garfield vs. Hancock" that aimed to rally support for the Republican candidate. Though few knew it, Guiteau's family had already deemed him insane and attempted to keep him committed in an asylum, only to have him manage an escape from confinement. Garfield went on to narrowly edge Winfield Scott Hancock in the election, and Guiteau, harboring delusions of grandeur,

believed he had helped tip the scales in Garfield's favor. As such, he believed that he was entitled to a post in Garfield's nascent administration, perhaps even an ambassadorship, and he continued to rack up debts while operating under the assumption that he would soon have the government salary to pay them back. However, despite lobbying around Republican headquarters in New York City and even approaching Cabinet members, no post was forthcoming for the troubled man. Eventually, in May 1881, Secretary of State James Blaine told him to never show up again. Enraged by the perceived slight, Guiteau bought a revolver and plotted to kill the president. He got his chance on July 2, 1881 at a railroad station, shooting Garfield in the back twice and bragging to the authorities, "I am a Stalwart of the Stalwarts...Arthur is president now!" In reality, Garfield would live for nearly 3 more months, and the poor standards of medical care in the 1880s would end up being responsible for the fact he did not survive wounds that he would've survived at the end of the 19th century. Indeed, Guiteau would cite medical malpractice at trial, stating, "I deny the killing, if your honor please. We admit the shooting." Those kinds of statements and his generally odd behavior helped ensure Guiteau's lawyers would claim he was insane, one of the first high profile attempts to use that as a defense against a crime. However, that never had much chance of succeeding, and claims of insanity were heartily rejected by prosecutors. George Corkhill, a D.C. district attorney and member of the prosecuting team, insisted, He's no more insane than I am. There's nothing of the mad about Guiteau: he's a cool, calculating blackguard, a polished ruffian, who has gradually prepared himself to pose in this way before the world. He was a deadbeat, pure and simple. Finally, he got tired of the monotony of deadbeating. He wanted excitement of some other kind and notoriety... and he got it." Throughout his trial, which was all but a foregone conclusion, Guiteau kept up the bizarre antics, including singing in the court, passing notes back and forth with members of the crowd watching the trial, and even openly planning his own 1884 presidential campaign. Of course, those plans were all for naught, because after he was convicted in January 1882, Guiteau was hanged on June 30 of that year. To the end, Guiteau acted oddly, including dancing his way up to the scaffold and reciting a poem he had written as his last words before he met his fate at the gallows. Garfield was the 2nd president to be assassinated after Abraham Lincoln, and today he is often remembered as one of the presidents to die in office after being elected every 20 years starting with William Henry Harrison's 1840 election through John F. Kennedy's 1960 election. The Assassination of President James Garfield: The History and Legacy of the President's Death chronicles the shooting and its aftermath.

The Slave Coast, situated in what is now the West African state of Benin, was the epicentre of the Atlantic Slave

Trade. But it was also an inhospitable, surf-ridden coastline, subject to crashing breakers and devoid of permanent human settlement. Nor was it easily accessible from the interior due to a lagoon which ran parallel to the coast. The local inhabitants were not only sheltered against incursions from the sea, but were also locked off from it. Yet, paradoxically, it was this coastline that witnessed a thriving long-term commercial relationship between Europeans and Africans, based on the trans-Atlantic slave trade. How did it come about? How was it all organised? And how did the locals react to the opportunities these new trading relations offered them? The Kingdom of Dahomey is usually cited as the Slave Coast's archetypical slave raiding and slave trading polity. An inland realm, it was a latecomer to the slave trade, and simply incorporated a pre-existing system by dint of military prowess, which ultimately was to prove radically counterproductive. Fuglestad's book seeks to explain the Dahomean 'anomaly' and its impact on the Slave Coast's societies and polities.
